

Technical Data Sheet

LIQUID FRISKET

Overview

A natural latex based masking fluid used to block our areas of your substrate when applying color.

Features

- Easy identification of blood vessels
- Facilitates the dissection process
- Excellent architecture when specimen is X-rayed, or viewed under a microscope
- Long storage life
- Available in red, blue, or uncolored
- Very long runs for concrete and plaster

Applications

- Water colors
- Fine Art

Usage

- Apply frisket with a brush
- Frisket must be completely dry before painting over
- Remove by peeling, or rubbing
- Store the Liquid Frisket at temperatures ranging from 55⁰F to 85⁰F and protect it from freezing

Product Safety

The Safety Data Sheet (SDS) for this, or any Holden's Latex product, should be read prior to use and is available online, or upon request from Holden's Latex.
